

Petition to Take Back Our Skies via The Unified Atmospheric Preservation Act

by [Chemtrails Project UK](#) on Monday, 30 July 2012 at 22:04 ·

It is a basic human right to be able to breathe clean air. 26 nations around the world are observing spraying overhead by private, commercial and military planes as part of a **Solar Radiation Management Programme** named **Stratospheric Aerosol Geoengineering**. Citizens have documented with overwhelming proof of this through photos, videos, websites, research and media, along with independent scientific test results of harmful chemical contaminants in air, soil and water samples. Clearly there is a global Stratospheric Aerosol Injection program that is being conducted without informing nor getting permission by the public as to what is being sprayed or why.

We demand that:

- 1.) All governments in all nations immediately cease such activities Via **The Unified Atmospheric Preservation Act** and see any further denial or stonewalling to concerns of its existence as complicity.
- 2.) We demand that all records of such geoengineering activities be made public because as stated by the Royal Society backed Solar Radiation Governance Initiative, they want to "**Involve general public because a) they pay for it, b) they have the power to stop it. Keep them informed on what GE (geoengineering) is for, but don't necessarily ask their permission.**"

The following is the directive to MPs to enforce as law as representatives in the employ of the public of the UK to enact and enforce The Unified Atmospheric Preservation Act:

The Unified Atmospheric Preservation Act as presented to the US Congress in 2008 by Dr. R. Michael Castle - <http://anticorruptionsociety.files.wordpress.com/22010/04/the-unified-atmospheric-preservation-act.pdf>

Author: R. Michael Castle Written in Plain, understandable English

(adapted for the UK 21st June 2012)

Preamble “ We the people of the UK, demand this Civil Law be immediately instigated via the Magna Carta which empowers the public to hold accountable the monarch and the government of the day for any actions violating human rights through the utilization of aerial deployments regarding aerosolized chemicals or biological agents and/or Bio-Chemical Mutations and banning all for any purpose in UK Airspaces, as has already been used for UK and USA Global Warming Mitigation, Climate Change

*and/or Weather Modification programs deployed into the unified atmosphere over the UK, United States, Canada and beyond. Continued chemtrails (SRI) spraying will result in irreparable, long term, toxic and heavy-metal poisoning of the populace. This Preservation and Protection extends to prevention of contamination via toxic fall-out onto the infinite environment of the UK, United States and Canada and all neighbouring nations in both hemispheres, which includes our air-column, land masses, rivers, lakes, and ground-waters, forests and seas and all foods. The **ENMOD** treaty and **CLRTAP** agreement are to be enforced immediately to protect our atmosphere and upper-atmosphere from Chemtrails, Aerosolized Contaminants, Weapons and all forms of toxic contamination. This Environmental Terrorism is to cease immediately”*

Attention UK Parliament, people, and all elected officials.

This Draft-Law Document has been written, ‘By the People’ to stop and halt all ChemTrails aka Solar Radiation Management via Stratospheric Aerosol Injection (SRM via SAI) bombardment and the literal poisoning of the Earth’s Breathable Air Column. This subject shall NOT be debated, UAPA8 is a Civil Complaint and Demand to the UK parliament for Protection of all Life Forms’ Breathable Air Column, Life and Liberty.

Written by We the People in ‘plain-Civil and simple, understandable English language so all can understand exactly what is expected of the UK Parliament in this Air Emergency-matter. There will be zero-respect given to any official protocols of preparation for this Document, or Submittal(s) thereof; This Document fully states Our Demands.

UAPA8

A proposed Law to be passed and enforced immediately that bans and forever prohibits the deployment or otherwise released, into or onto the Earth’s Natural Atmospheric/Stratospheric column and Breathable Air Column.

This Law will prohibit-the-formation or Act as an Instrument for dissolution targeting the UK Weather Control Board or Agency; Weather Manipulation is a part of identified function and purpose of the toxic chemicals and biological mutation agents, therefore, Weather Modification and Control will be prohibited due to the absolute toxicity profile of the agents used for manipulation, management or controls. A specific ban on ALL national or regional Agencies use of ‘crisis exemption’ loopholes that allow wide and varied spraying of any chemicals into the Breathable Air Column, toxic or not. This specific rescinding is due to the collusion and probable criminal corruption of Agencies and Corporations, Contractors and/or Developers of chemical agents.

The Unified Atmospheric Preservation Act (UAPA) adapted for the UK

UK PARLIAMENT Shall Make and Pass This Law that will ban the following immediately:

NB - If any of the following is deemed ‘ in-actable ’ by current authorities due to a conflict of sworn allegiance between corporate or royal interests above those of the public, then those

authorities shall be immediately deemed no longer ‘in authority’ – replaced by new representatives swearing allegiance to the public welfare above all. All members of the British Constabulary who have had their allegiance subverted to a corporation will be immediately released from this obligation to revert their allegiance to the public above all.

1. **Mixtures** (any Organic or Inorganic chemicals or compounds, elements of the Periodic Table, gases, solids or plasmas) of chemical materials known as “chaff” from military training operations. Ceasing the operation of Chemical trails (ChemTrails) aka Stratospheric Aerosol Injection activities by planes that occlude sunlight. Weather modifications or any combination of chemical biological mixtures used for any purpose are expressly prohibited;

2. **“Cloud Seeding”** and **Atmospheric/Stratospheric “seeding”** technology that utilizes chemicals, gases, synthetic filament carriers or biological substances such as pseudomonas strain germ or mutations thereof, or any sort for the purpose of weather manipulation/modification, such as precipitation, drought, cyclonic, ultra-violet, infra-red heat or cosmic storm managements are prohibited.

3. **Electro-Magnetic** radiation/radio and **SCALAR** or **plasmic** energy waves generated, **HAARP’s Array, Cell-Tower** transmitted, propagated, reflected or otherwise articulated into a focused beam or pattern that has the intended purpose of manipulating weather- systems, causing droughts, heating weather-systems or otherwise energizing, or utilized in a mixed waveform of mind-control, experimental or operational.

a. These banned wave form weapons shall include: Microwave spectrum, Acoustic and Sonic spectrum, including Infra spectra to lowest base-sonic range and all in between, Extreme- Low Frequency (ELF) and VLF to magnitude Extreme High Frequency spectrum, all energies Waveform between these EMF points of magnitude, all energies traveling through any portion of Atmosphere, Bedrock or Waters, or reflected back to the planet’s surface for intent and purposes described herein.

b. Focused or spatial-bleed of radiations would result in total and cumulative radiation dosages resultant in cellular damages to Humans and the Environment of Plant and Animal Kingdoms. The use of such technologies exceeds pre-set EMR thresholds and limitations and is therefore, banned from use.

c. Specifically banned are SCALAR-ELF Energies used for Psychotronic-weaponry for Mind-Control, Behaviors-manipulation, Brain-dimming or other forms of ‘classified’ Weaponry used experimentally or Operationally, anywhere on the Earth.

4. **Vaccines of any types are banned**, deployed into or unto the Atmospheric/Stratospheric Air Column. Bio-controls deployed aerially are expressly banned and prohibited from usage that has any mixtures of chemicals or biological materials. Bio-controls containing genetically engineered microbes or biological life forms, natural or genetically engineered are banned and prohibited, expressly banned are any Nano-technologies and devices, genetically mutated, self-replicating, synthetic propagation and/or attached to fungal-forms, bacterium’s or any combinations thereof, for any reason or purposes.

5. **Prohibition of Aerial-dispensed Pesticides, Herbicides, Fungicides, Pheromones, Hormones, Pollens or seeds of GMO’s (Genetically Mutated Organisms)** - Banning ‘all’ aerially deployed or dispensed pesticides, herbicides, fungicides, artificial pheromones, hormones, Animal or Human

intended vaccines. ALL considerations of Agricultural spraying of any sort and which must include all negative effects of Genetically Mutated species on all Life Forms within a 100 Mile radius of the potentially effected area are heretofor banned due to previous and widespread misuse and mismanagement by UK Governmental Agencies and rampant abuse of Aerial-spraying of these chemical and biological toxins. Heretofor, all rights or authority to conduct any of these activities is herein rescinded.

a. All Prohibitions and Bans herein described are expressly focused at any national or regionally-approved contractor of the UK or United States Governments, Military or Agencies Corporate-Military Partnerships, International Contractors or New World Order Contractors or Agencies of Government(s) are hereby prohibited and shall be fully enforceable under Criminal Prosecution by a State's or Federal Court and will be subject to 'War-Crimes Against Humanity charges and Indictments.

6. **Emergency Investigation Funding** – The £4 billion allocated to 'clean up The Thames is to be used immediately to commence an investigation to assess the magnitude of environmental and human damages that have already occurred by the criminal and illegal spraying, deployment or otherwise released toxic materials described herein, into and onto the UK Air Column and the entire Earth's Air Column. This Emergency investigation will have far-reaching effects with intent to hold all Government, Military, Federally Approved Contractors, Corporate-Military Partnerships, all Foreign entities, UK and US Agencies and personnel, accountable for the purposeful and criminal release of extremely toxic agents into the Unified Air Column. Probable Criminal prosecution by a Civil United Kingdom Court of Law or future authority as assigned in complete transparent consultation and approval by the UK public, or a Special Prosecutor approved by the UK public. This is an integral part of the Unified Atmospheric Preservation Act of 2008.

7. **International Coordination and Treaty** by the Directives of this Bill, the 'publicly' nominated UK representative shall seek International cooperation through the coordination of all bans and prohibitions set forth in this Legislation, serving as the model and primer for Global Protection of the precious Unified Atmosphere/Stratosphere surrounding this Earth.

a.) The UK parliament shall immediately engage in International discussions for the enjoinder of the Protections and Preservations set forth in the Unified Atmospheric Preservation Act of 2008 as Model for an International Treaty for the prohibition and banning of 'all' aerosolized chemicals or biological agents and/or genetically engineered life-forms contaminations of Earth, released into the Unified Atmosphere or Stratosphere of the entire planet in accordance with the ENMOD treaty.

Purpose: Emergency-level Cessation, prohibition and banning of 'all' aerial dispensement of any chemical/biological/electromagnetic treatments, deployments, managements, modification or manipulation of the Unified Atmosphere/Stratosphere and Air-Column above the UK or any Global portion thereof, via any artificial means, for any and all purposes.

Scope: An immediate moratorium by the citizens of the United Kingdom coordinated with citizens of the USA through their currently elected United States House of Representatives, the US Congress and the United States Senate, with the signature of the President of the United States, this legal and binding authorization would put a ban and prohibit the purposeful release of any organic/inorganic chemicals, compounds, elements such as heavy metal aerosol particulates, polymer filaments, dipoles of metallized glass or crystalline compositions. This would include vaccines; bio-controls of genetically altered biological life forms. This Law will effectively abate all fallout (back-to-earth), aerial-released chemicals, biological materials, extraneous and spatial reflected electromagnetic radiation.

Section 1. This Law shall ban and prohibit the intentional and purposeful release of all chemical and biological substances into the Unified Atmosphere including the upper atmosphere/stratosphere. Current laws and International treaties do NOT recognize, prohibit or regulate atmospheric/stratospheric releases of chemicals, elements, Focused Radiant- Energies or biological materials which are used in Global Warming Mitigation/Climate Change schemes, all clandestine, Weather-Modification(s), Climate change or other biosphere mitigation strategies OR Vaccines, secret-operations carried out by Corporate- Military Contractors, Foreign Governments or entities of any of the above. This specifically includes the U.S. Government, Branches of the recognized US Military or any Agency Appointee.

These substances and agents currently fall back to Earth, mostly as 'spent-wastes' from Illegal ChemTrails Operations with results of widespread chemical and heavy-metal contamination of breathable air, food, water supplies (including groundwaters), foliage and fauna as well as Humans suffering toxic effects, infestations of Humans and animals via an aberrant, Black-Op Self-Replicating Nano-Technologies. The release of toxic substances will be causative of chemical poisoning and toxicity to the infinite environment and humankind as a whole.

This Law is intended to interrupt and impede current and prevent all future practices of artificial/man-made aerial releases or deployment(s) of various chemicals, which cause residual "fall-out" of pollutants that will descend to the earth's surface, will be absorbed, inhaled or systemically be causative of genetic and cellular damages, heretofore not regulated nor managed and clandestinely and illegally conducted.

Section 2. This Law is designed to intercede and bring to immediate cessation any and all current and future operations. To also ban and prohibit deploying of aerosolized polymer filaments, chemical technologies, climate changing/weather modification/manipulation chemicals, and EMR energy-excited operations for the further cause of Global Warming Mitigation.

To declare an immediate national moratorium on the deployment or use of Global Warming Mitigation technologies that are intended to artificially shield the Earth's surface from ultra-violet and cosmic radiation or in-situ reparations of the ozone or ionospheric layers in the unified atmosphere/stratosphere.

i) United Nations General Assembly Resolution 31/72, TIAS 9614 Convention on the Prohibition of Military or Any Other Hostile Use of Environmental Modification Techniques"

ii) Federal statute 15 USC § 330 (enacted 1971) requires reporting of weather modification to the Secretary of Commerce.

Section 3. Vaccine Prohibition - Prohibits the aerial release of any artificial vaccine en-masse onto segments of the human or animal species. This encompasses chemical or biological experimentation on humans until such a time when exacting, exhaustive public, civil and

private-sector medical/scientific studies can prove the overall benefit(s) to humans and the environment.

To also inform the Public of the acute/chronic effects that the vaccines will have on humanity and Mother Earth.

No Agency of the United Kingdom or the United States, including the UK and U.S. Military shall have the authority or official capacity to dispense, deploy or otherwise release into any natural or synthetic

medium, any mass-vaccine(s) onto/into the Civil-Military or Animal/Creature kingdoms, populaces. Specifically, the UK Prime Minister nor the UK Defense Secretary may order mass aerial vaccines be deployed under ANY circumstances.

Section 4. Document Languages/Vectors/Modalities, Human Health Risk Assessments, Environmental Impact Statements, Public and Civil Disclosures shall be written in languages, statistics, data and vocabularies that common people, educated and uneducated, may easily understand and access to read, hear or otherwise be informed of to understand any transmitted communication on the subject(s) of this Law.

All information pertaining to the Unified Atmospheric Preservation Law shall be the responsibility and duty of the UK parliament and/or the County Sheriff of each County within the UK, for collection and transmittal or disbursement of this Law to the public, State Elected Officials, Municipal or Township Officials. The public notification(s) will commence upon this becoming a Law of the Land and Air. Public observations of ChemTrails being sprayed into our Atmosphere will set forth Enforcement and Interdiction to have the County Sheriff arrest the violators for future Criminal Prosecutions.

The County Sheriff is the only Elected Law Enforcement Official as referenced by the United States Constitution. The UK public, and citizens around the globe are entitled to have the same and will be granted the ability to vote for their own County Sheriffs in all regions. The current leaders of governments of the UK and the United States, Agency and Military have authorized and demonstrated hostile actions upon the populace and the environment and therefore cannot be trusted in any aspects of compliance with this Law.

This Law will ensure that pre-deployment knowledge, derived from toxicological and integrative research of Earth's Bio-spherical/Geo-spherical system sciences with disclosure(s) of all Human Health Risks and Environmental Impact factors, be in compliance with the prohibitions and directives contained herein, for any current or future countermeasure technology considerations.

These Standards will prohibit the utilization of HAARPS (Tesla/Eastlund), High-Energy technologies and plasmas transmissions to orbiting geo-stationary satellite receivers and re-transmitting to the Earth's surface. Also prohibits reflected high dosage sources of microwave, Extreme Low Frequency (ELF), Ultra-Low Frequency (ULF) and Electromagnetic Radar/Airborne Chemical synergism Interface via the ionosphere.
